May I give you a call tomorrow? What would be a good time to reach you?

Thanks!

Valois

Thank you Valois and I'm sorry that I missed your call.

I would very much like to tell you why I'm interested in this area , but first I would like you to know that I'm not running for office , nor do I want to pull a Erin Brockovich...take on a big corporation ...win ...and then have a movie made about me. I just want to help. The Dewey_Burdock in-situ recovery site is here , and even if God came down and shut the operation down...we would still have to put everything somewhere else. I would like to learn as much about the history and the current conditions as I can to see if there is anything that I can do to help. If you know of a good archive...if you know of a good contact , I would appreciate getting them . As far as you are concerned , what needs to be done there ?

Thank you very much

Mr. Kill A Hundred,

I received your request for Tribal consultation on the proposed Dewey-Burdock site under Section 106 of the National Historic Preservation Act. Please give me a call at your earliest convenience so we can talk about setting up a meeting.

I would like to offer an informational web conference to interested Tribal government representatives after our public comment period is over on May 19. I will send out an email about that later in May.

Thanks for requesting consultation. I look forward to working with you on this process.

Valois

Subject: EPA Region 8 Underground Injection Control Program-Permits for Proposed Dewey-Burdock In-Situ Recovery Site

Valois Shea,

This email is in response to the notice received for comments on the EPA Region 8 Underground Injection Control Program-Permits for Proposed Dewey-Burdock In-Situ Recovery Site.

I am requesting proper 106 consultation. We are currently reviewing all documents that are available online.

If you have any questions, please contact me.

Thank you,

Garrie Kills A Hundred
